PERSONAL TRAVEL SURVEY IN THE EAST MIDLANDS

Transport & Travel Research Ltd (TTR) has won a tender to conduct a personal travel survey on behalf of six local authorities within the East Midlands: City of Nottingham, City of Derby, City of Leicester and their respective associated County Councils. The work is intended to provide a snapshot view of the travel patterns of the local population. Respondents of the doorstep survey of 6,000 households will be quizzed on their travel behaviour of the previous day and the results will feed into the LTP Annual Progress Reports later this year. The survey is a follow-up to a similar study undertaken by TTR in 2001.
